

The Pembroke Welsh Corgi Club of the Potomac presents
Agility Workshops with Judy Kolva, "Crosses and Turns"

March 6 & 7, 2010

Oriole Dog Training Club, 1718-C Belmont Avenue, Baltimore, MD 21244

Which crosses work best on course? How can turns reduce course yardage? Learn to use the appropriate crosses or turning techniques for the most efficient path on the agility course.

Judy has been involved in agility for 6 years training and trialing both Cocker Spaniels and Border Collies. Her dogs have won many titles in competition including the AKC MACH and the USDAA ADCH...

Judy believes in positive training for the dog and building confidence for the handler. The handler and dog need to learn to trust each other to develop the best team.
