

PWCCP Winter Workshop

Proudly Announces

A Seminar by Myra Savant Harris

Myra Savant Harris is a retired labor/delivery and NICU RN who was able to take her experience in those fields and translate them into canine terms. Dog breeders from all over the world are using the techniques that she teaches and her books sell all over the planet. In her seminar, she touches on the delivery of puppies who get stuck during whelping and teaches the resuscitation techniques needed for these puppies. She instructs dog breeders on all the things that a new born puppy needs in order to thrive from the moment of birth.
